Step 1. The numbers on the numbered grid correspond with the color chart on the side of the bag. Place part of the same numbered beads in the plastic bag.
Step 2. Cut the "Pier" and glue the end with the sticky end and back (back) in the square hole, then glue up as shown by the "Pier".
Step 3. Stick the corresponding diamonds and then stick the diamonds on to the corresponding numbered circles.
Step 4. The rest of the diamonds can be used for the artwork.
Step 5. Use back of your hands to press the diamonds to secure the substrate.
